NOTIFICATION.

Dated Shillong the 11th March 1957.

Subject :—Introduction of Decimal System of Coinage—Question of advance supplies of new decimal coins to Heads of Offices.

No. TM/40/55 79.—Reference is invited to Para 5 (ii) of this office notification No. TM. 40 55/75, dt. 8-2-57, wherein it was mentioned that the feasibility of making arrangements for advance supplies of new decimal coins of the denomination of 10 Naya Paisa and below was under examination. The question has been considered and the conclusions reached are set out below :—

(i) Most of the Departments draw their requirements of cash from treasury by presenting bills. The bill necessarily have to draw new series of coins on or after 1-4-57. In cases where the departments draw their requirements of cash by cheques, there is no objection to such Departments drawing their requirements of small coins in new currency before 1-4-57, for use from that date by cheques marked not payable before 1-4-57. The cheques so issued will automatically be accounted for in the financial year 1957-58. An actual entry in red ink in the inner column of the cash book should be made on the actual date of receipt of the new coins to bring out factual position. As the coins will be legal tender from 1-4-57 only, their receipt in money column in the cash book may be entered on that date. In the cash balance report prepared on 31-3-57, if any, the stock of such coins will be shown as under custody.

The procedure followed by the Reserve Bank in regard to the issue of new coins before 1-4-57 will apply '*matatis mutandis*' to non-banking treasuries.

(ii) In the Posts and Telegraphs Department, where funds are also drawn from the treasuries by presentation of receipts, the treasuries and sub-treasuries may accept post-dated receipts from the Post Masters as in the case of cheques marked not payable before 1-4-57, and issue the requirements of decimal coins before 1-4-57. The value of these coins will be shown by Post Masters in red ink in the Treasury Pass Books as well as in the cash book, and will be included in the Cash Balance only of 1st April, when these coins will become legal tender.

Coins required by Sub and Branch Offices situated at stations where there are no treasuries or sub-treasuries will be remitted to them in the usual way but the value of the remittance will be shown only in the remarks column or in a separate note. The sub and Branch Offices receiving these coins will similarly send an acknowledgement to the offices remitting the coins but will not include the value in the cash balance. The value of coins will continue to be shown in the remarks column till the 1st April, 1957, when these will be shown as a remittance received from the cash office. The cash office will also show the value of these coins as the remittance made on the 1st April.

(iii) Similar procedure may be followed for obtaining stamps in new denominations before 1st April, 1957.

2. The Departmental Offices should indent for their minimum requirements only, and supplies will be made to them subject to the availability of the new coins at the offices of the Reserve Bank, their agencies and the treasuries.

No T 7 press Pub 55-56 IV, Vol. II.—The Nutrition Advisory Committee of Indian Council of Medical Research have made the following remarks on the Toxic effect on the consumers of Kesari Dhall.

“The Committee considered that on the present evidence there is a possibility of an etiological relationship between lathyrism and the consumption of kesari dhall. The Committee, therefore, was of the view that the production of lathyrus sativus in the area in which it is now being grown should be discouraged and that the cultivation of other leguminous crops suitable for human consumption in place lathyrus must be encouraged. The Committee felt that in the States in which lathyrus is not now being grown, its importation and sale, either by itself or admixed with other pulses, should be banned”.

The Central Committee for Food Standards and Advisory Committee of this Ministry who were also consulted agree that kesari dhall has injurious effects on health.

In consideration of harmful effect resulting from the consumption of kesari dhall the Govt of India desires that people should not cultivate Kesari Dhall and its consumption should be avoided and that cultivation of leguminous crops suitable for human consumption should be carried out.

The following instructions in this regard are issued for the guidance of treasuries and all Heads of Departments/Offices etc. under the audit control of this office.

2. From 1st April, 1957, the date of introduction of the new coinage system, all accounts (initial as well as compiled) shall be maintained in terms of rupees and Naya Paise instead of in rupees, annas and pies as hitherto, although both the existing and new types of coins will be in circulation simultaneously for some time. All challans in support of money tendered in payment of Government dues should, therefore, be expressed in new coinage. Similarly all bills for withdrawal of money also should be expressed in Rupees and Naya Paise. The forms of bills, challans, and other books of account will be revised to provide two columns to show Rupees (Rs.) and Naya Paise (np).

separately. The existing forms in which the money columns now contain three sub-columns for record of the amount in Rupees annas and pies, may, however, continue to be used till such time as the forms are revised. The last two sub-columns which provide for record of annas and pies should be used for recording Naya Paise in terms of new coinage by suitably modifying the headings of these columns. The total amount of each bill, chalan as well as the amounts in pay orders, etc, should be expressed in decimal system. The following standard method of expressing amounts in new coinage in figures should be adopted:—

- (i) Rupees twenty five and five naye paise—as Rs.25.05 (Not Rs.25.5).
- (ii) Rupees twenty five and fifty naye paise—as Rs.25.50 (Not Rs.25.5).
- (iii) Rupees fifty five and eighty three naye paise—as Rs. 55.83.
- (iv) Fifty naye paise.—as Rs. 0.50.

Note 1—A similar method will also be adopted when the amounts are posted in forms providing for separate columns for Rupees and Naye Paise. Thus in posting an amount of Rupees twenty five and five naye paise, 25 will be entered in the Rs. column and 05 in the Naya paise column.

Note 2—Amounts expressed in annas and pies should, before posting in accounts books and forms, be converted into whole numbers of Naye Paise according to the conversion table.

3. It has been decided that attempts should be made to keep down to the inevitable minimum the period of transition during which both the existing and decimal coins would circulate as legal tender but this will depend much upon the speed of absorption of decimal coins by the general public. The withdrawal of existing coins should start immediately on or after 1.4.57 and the coins of the denominations of 2 annas and under will be withdrawn first as decimal coins of 10 Naye Paise and below only will be put to circulation in sufficient quantities at the initial stages. In order to achieve this object, whilst moneys tendered in payment of Government dues in whatever currency it is made, shall be accepted in treasuries and other offices entrusted with receipt of Government dues, every endeavour shall be made to make payment of Government due only in new coins. On occasions, however, when the stock of new coins in a treasury or other disbursing office runs short, disbursements may be made in existing coins too. With appropriate planning as to the requirement of the new coins, it should not be very difficult to keep down such occasions for disbursement in old coins to the minimum. The old coins, which are withdrawn from circulation, may be transferred to the small coin depot, if one is established at the treasury, or held in the treasury, balance pending remittance to the Mint.

4. So long as the existing anna and pie coins continue to be legal tender and both types of coins remain in circulation there may arise a difference between the book balance and the actual physical cash due to conversion of one type to the other in the individual items and in the total. For instance, in payment of dues of 12 Naye Paise, 2 annas of the existing coins may be tendered. Two such transactions will represent in the accounts, twenty four Naya Paise, whereas actual total cash received will represent 25 Naya Paise. The difference of one Naye Paise will be a gain to Government due to conversion. Contrarywise, if in payment of two dues of 19 and 5 Naye Paise respectively, three annas and three fourth annas are tendered, actual cash received will represent in the accounts in total one Naye Paise less than the total dues. Such losses or gains on conversion shall initially be taken to Government account under a separate minor head "Loss or Gain on Conversion to Decimal Coinage" to be opened in the Central Section of the Accounts under the Major Head "Suspense Account" subordinate to "S-Deposits and Advances-Part IV Suspense". Necessary instructions regarding the final adjustment of such losses or gains will be issued separately,

5. In order to determine from the accounts the amount due to loss or gain on conversion, it will be necessary to exhibit in the accounts distinctly all items of receipts and payments which are tendered or made in the existing currency in the manner indicated below :-

(i) In the Accounts of Treasuries.

This question will not affect Government accounts where treasury business is conducted by the Bank. All the losses or gains due to conversion will be in the books of the Bank. In case of non-bank treasuries, the accounts maintained in the Accountant's branch, viz, the Subsidiary Register, Cash Books, Schedules of receipts and payments, Cash Accounts, etc. will be always expressed in the new coinage. The Treasurer's Cash Book, which at present records the receipts and payments chronologically as they occur in a single money column will, however, from the appointed date, be in three columns in both the receipts and payments sides. All items of receipts and payments as shown in the chalangas and in payment orders recorded in the bills will be incorporated in the first money column in terms of Rupees and Naye Paise. In cases where the amount is tendered entirely in new decimal coins no further entry in the two sub-sequent columns will be necessary. In cases where the actual money tendered includes existing coins the amount tendered in such coins shall be noted in the second money column in terms of Rupees, annas and pice. The third money column will show the equivalent of the amount in the second column converted into the new coinage and expressed in Rupees and Naye Paise. Taking for example that in depositing Government dues of Rs. 5.29, the actual amount tendered includes, amongst other coins, existing coins of the total value of Rupee one and annas fifteen consisting of one eight anna piece, one four anna piece, eight two anna pieces and two one anna pieces and 4 pice pieces, the entry in the 3 columns will be as indicated below :-

Column I	Column II	Column III
Rs. np.	Rs. a. p.	Rs. np.
<u>5 29</u>	<u>1 15 0</u>	<u>1 94</u>

The difference between the totals of the first money columns on the receipts and payments side at the end of the day will show book balance with the Treasurer which shall have to be reconciled with the actual cash balance in the custody. The details of the old coins received and paid in respect of each transaction should be noted in a Subsidiary Register in Form I appended. The value of the old coins for the day in the Subsidiary Register should tally with the net closing balance of money column II of the Treasurer's Cash Book. After the totals of columns of columns II and III on the receipts side of the Treasurer's Cash Book have been struck the amount of the total in Column II should be converted into the new coinage and recorded in Rupees and Naye Paise below the total of Column III on that side. The difference will represent the loss or gain by conversion of sums tendered in old coins on Government Accounts. The resultant total loss or gain by conversion during the day will be added to or subtracted from the total in Column I. There will ordinarily be no payments in old coins of 2 annas and under on or after the 1.4.57. If however, any payments are rendered necessary, the amount thereof as also payments in half and quarter rupee coins should similarly be entered in column II and their decimal equivalents in Column III on the payments side, and the loss/gain on conversion should be worked out at the end of the day and added to or subtracted from the total in Column I. This will reconcile the book balance with the actual cash balance. This sum will also be incorporated by the Accountant in his Cash Book under the Head "Loss or Gain on conversion to

Decimal Coinage subordinate to "S-Deposits and Advances-Part IV-Suspence-Suspense Accounts" referred in para 4 above. This will enable the Treasurer's and the Accountant's balance sheets to be agreed, when accounts for the day may be treated as closed.

(ii) **Accounts in Departmental Offices.**

It is desirable that Heads of Offices should take necessary steps in advance to have sufficient stock of decimal coins of the denomination of 10 Naya Paise and below so that payments by them or by their subordinate organisations to individuals may be made from 14.57 in decimal coins. The feasibility of making arrangements for such advance supplies of new coins is under examination in consultation with the Reserve Bank of India. The existing coins in possession of Departments on 14.57, and those to be received subsequently should be got exchanged at the Reserve Bank of India, the State Bank of India or at the Treasury at convenient intervals. In cases, however, where such exchange is not possible, it may be necessary to conduct business in existing coins also. As however, the number of transactions in each coin is not expected to be very large, it may not be necessary to maintain a Cash Book in departmental offices in three columns in the manner indicated for the Cash Book of Treasuries of non bank treasuries. Instead, the Cash Book may be maintained in a single money column as at present, but in terms of Rupees and Naya paise. When in respect of any item of receipt and payment the actual money tendered includes present coins the amount as tendered be incorporated in a Subsidiary Register in Form II appended. The procedure for the adjustment of the net gain or loss is under examination and instructions will follow separately.

6. As already stated in para 3 above the period of transition is to be reduced to the minimum. Meanwhile the non-bank treasuries will be expected to provide facilities to the public for getting their old coins exchanged for new ones. As in the case of Government dues, such exchange by public of old coins for new ones will also entail some loss or gain by conversion. To avoid such losses or gains, the Government of India have issued instructions that exchange should be permitted only for amounts tendered in four annas and multiples thereof, vide Ministry of Finance (Department of Economic Affairs letter No. F. 4 (72)-F. III/56 dated 10.11.56).

7. Opening balances under Debt, Deposit and Remittance etc. heads, whether in the books of the Accountant General or in the books of the Treasury Officer or in Departmental Offices will have to be converted into new denominations before entering them into the Ledger or any other register, schedule or return as on the appointed date. The individual items which work upto the total balance in such ledgers etc. shall also be similarly converted into the new coinage and recorded in red ink just below the original figure. The difference due to this conversion will also be adjusted under the head "Loss or Gain on conversion to Decimal Coinage".

The amounts specified in Rupees, annas and pies in financial sanctions, rules, orders notifications contracts, deeds or other enactments would, under Section 14 (3) of the Coinage (Amendment) Act, 1955, will be automatically construed as expressed in terms of equivalent value under the decimal system without any rounding off. Rounding off should be made only at the stage when actual payment or tender of money takes place. Thus in agreements, enactments, etc. where rates are specified, the rounding off should be made only in respect of the total amount payable or receivable in a single transaction. The same principle will apply to all letters of authority (including P. P. O. Pay slip, etc.) where amounts are expressed in the present coinage. The disbursing officers shall insert in red ink the corresponding amount in the new currency below the original amount in the letters of authority and sanctions, etc.

New Delhi, March 1, 1957.

The Government of India have decided to award some more scholarships this year under the scheme of scholarships to young artists or workers in different cultural fields. Thirty-one candidates were selected for the third batch, and the Ministry of Education has now invited applications for the fourth. The number of scholarships to be awarded will be determined at the time of the selection. The scheme, however, provides that the number should be such that at no time there are more than 100 scholarship holders under training.

The object of the scheme is to encourage young artists and to utilise their talents for development of arts and promotion of cultural activities in the country. The scheme was first instituted by the Government of India in 1953 for the award of scholarships to young artists who had already received their basic training and shown outstanding promise in different fields of cultural activity excluding literature, such as fine arts (drawing, painting and sculpture) music, dance, drama and films.

The scholarships are open to Indian nationals of not less than 18 years and not more than 35 years on April 15, 1957, with sufficient general education and of outstanding promise in their chosen field. The selection will be made by the Ministry of Education with the help of a committee. After selection, scholars will be required to work in the country in a recognized institution or under an approved expert in the field to be indicated by the scholar and approved by the Government of India.

Each scholarship will be of the value of Rs. 250- p. m. and will normally be tenable for two years though, in exceptional cases, the period may be extended by one year.

Application forms can be obtained from and should be submitted to the Ministry of Education (Scholarships Division, S-6 Section), Government of India, New Delhi. The last date for receipt of applications is April 15, 1957.

I am directed to refer to letter No. I-Co/26-53, dated 17-12-55 of the Government of Manipur and to state that the Co-operative Societies Act, 1912 (Act II of 1912), as adopted by the Manipur Durbar by their resolution dated 20-2-48 continues in force in the State of Manipur by virtue of clause 5 of the Manipur administration Order, 1949, and article 372 (1) of the constitution. PART IV

PRESS NOTE

Imphal, the 14th February, 1957.

*Subject :—*Stoppage of Registration of patent and proprietary medicines with undisclosed formulae.

With the coming into force of the Drugs (Amendment) Act 1955, labels of patent and proprietary medicine should display in the prescribed form and in a manner readily intelligible to the medical profession, the true formula and the list of ingredients contained in them. The Central Drugs Laboratory has accordingly stopped the registration of patent and proprietary medicines with undisclosed formulae. Registration certificates in respect of patent and proprietary medicines with undisclosed formulae issued by the Central Drugs Laboratory prior to the coming into force of the Drugs (Amendment) Act, 1955, became inoperative after the Act came into force. Manufacturers and importers are accordingly advised that the labels of patent and proprietary medicines should be changed to comply with the provisions of the Drugs Act, 1940, as amended by the Drugs (Amendment) Act, 1955. Originally, time was allowed for the purpose upto the 30th September, 1956 after which date the provisions of the Drugs Act 1940, as indicated above, were to be strictly enforced. The trade have represented to the Government of India requesting for some more time. On a consideration of this representation, the Government of India have decided to allow time upto the 31st December, 1956 to the trade to get ready for conforming to rules. No further extension of time will be given thereafter.

(5) The presiding officer may permit an elector to enter the polling compartment with a child in arms for the purpose of voting.

41. Provision of ballot boxes with symbols of candidates and other Articles at the polling station:—(1) The returning officer shall provide at each polling station one ballot box for each one of the candidates and all such ballot boxes shall be so placed in the polling compartment that when an elector inserts a ballot paper in any box no other person can see how he has voted.

(2) The symbol assigned to a candidate shall be printed on labels which shall be pasted both inside and outside a ballot box and such ballot box shall then be deemed to have been allotted to that candidate.

(3) Outside and inside each polling station there shall be displayed prominently—

(a) a notice specifying the polling area, the electors of which are entitled to vote at the polling station, and

(b) another notice giving the name of each contesting candidate in the same language or languages and in the same order in which the names of such candidates appear in the list of contesting candidates.

(4) The returning officer shall also provide at each polling station a sufficient number of ballot papers and copies of electoral rolls in respect of the polling area or areas the electors of which are entitled to vote at such polling station as well as such other equipment and accessories as may be required for taking the poll at such polling station.

42. Mark on ballot papers—(1) The chief electoral officer may direct that before a ballot paper is delivered to an elector at a polling station it shall be marked with such distinguishing mark as may be specified by the chief electoral officer in this behalf.

(2) When any such direction has been issued by the chief electoral officer, the returning officer shall provide at the polling station certain instruments for stamping the distinguishing mark on the ballot paper.

43. Ballot boxes to be locked and sealed—(1) Every ballot box and every ballot paper shall be of such design and colour as have been previously approved by the Administrator and the ballot box shall be so constructed that ballot papers can be introduced therein but cannot be withdrawn therefrom without the box being unlocked or the seals being broken.

(2) The presiding officer of each polling station shall immediately, before the commencement of the poll, allow inspection of each ballot box to be used at the poll, the candidates and their polling agents who may be present at such station and demonstrate to them and all other persons present that it is empty and that labels have been affixed both inside and outside the box and the distinguishing mark or marks have been made in the box.

(3) The presiding officer shall thereafter affix to each ballot box a paper seal provided for the purpose. He shall also affix on such paper seal his own signature or seal and obtain thereon the signatures or seals of such candidates or of such polling agents of the candidates as may be present and may desire to affix such signatures or seals; he shall thereafter secure and seal each box in their presence in such manner that the slit in the box for insertion of ballot papers therein remains open.

(4) The paper seal used in a ballot box shall be affixed in such manner that it shall not be possible to open the box again without breaking such paper seal.

(5) After all the ballot boxes required to be used at the polling have been labelled, secured and sealed, they shall be placed in the polling compartment side by side in the same order in which the names of the candidates to whom such boxes have been allotted appear in the list of contesting candidates at the election and in such manner that the front vertical side of each of the boxes bears a symbol assigned to the candidate to whom such box has been allotted and faces the elector.

(6) The candidates and their polling agents shall be entitled to see before the commencement of the poll that the boxes are placed in the polling compartment in the order and manner specified in sub-rule (5) and that no other receptacle or box besides the ballot boxes allotted to the candidates are kept inside the polling compartment during polling.

44. Identification of electors — (1) The presiding officer may employ at the polling station such persons as he thinks fit to help in the identification of the electors or to assist him otherwise in taking the poll.

(2) As the elector enters the polling station the presiding officer or the polling officer authorised by him in this behalf shall ascertain the elector's name and address and such other particulars as appear on the electoral roll and after having checked these by reference to the roll shall call out the serial number, name and description of the elector according to the entry in the roll.

(3) Any candidate or his agent may challenge the identity of a person claiming to be a particular elector and when such challenge is made the procedure laid down in rule 52 shall be followed.

45. Special procedure for preventing personation of electors. — (1) Every elector about whose identity the presiding officer or the polling officer, as the case may be, is satisfied, shall allow —

- (a) his left fore-finger to be inspected by the presiding officer or any polling officer and
- (b) an indelible ink mark to be put on his left fore-finger.

(2) If any such elector —

- (a) refuses to allow such inspection of his left fore-finger, or
- (b) refuses to allow an indelible ink mark to be put on his left fore-finger or persists in doing any act with a view to remove such mark after it has been put,

he shall not be entitled to be supplied with any ballot paper or cast his vote at the election.

(3) Except as provided in sub-rule (4), no person who has already such a mark on his left fore-finger at the time he enters the polling station shall be supplied with any ballot paper, and if any such person applies for a ballot paper he shall be liable to be arrested and prosecuted for personation.

(4) Where elections in any territorial Council constituency and in a Parliamentary constituency are being held simultaneously an elector whose left fore-finger has been marked with indelible ink at a polling station as a preliminary to his receiving the ballot paper for one such election shall not be required to have his left fore-finger marked again with such ink before receiving the ballot paper for the other election and the presence of the mark made for the purpose of one of such elections shall, notwithstanding anything to the contrary contained in any other rule, not disentitle him from receiving the ballot paper for the other election.

(5) Any reference in this rule to the left fore-finger of an elector shall, where the elector has no left fore-finger, be construed as a reference to any other finger of his left hand and shall, where the elector has no finger at all on either of his hands, be construed as a reference to such extremity of his left or right arm as he possesses.

46. Issue of ballot papers.—(1) In deciding the right of a person to obtain a ballot paper, the presiding officer or the polling officer, as the case may be shall overlook merely clerical or printing errors in an entry in the electoral roll, provided that he is satisfied that such person is identical with the elector to whom such entry relates.

(2) Before delivering the ballot paper to the elector, the polling officer shall, where a direction has been issued in this behalf under rule 42, stamp the ballot paper with such distinguishing mark as may have been specified under that rule.

(3) The polling officer shall at the time of delivery of the ballot paper place against the serial number of the elector in the electoral roll a mark to denote that the elector has received a ballot paper and shall also keep a record of the serial number of the ballot paper supplied to the elector in such manner as the chief electoral officer may direct.

47. Manner of voting after the receipt of ballot papers.—(1) On receiving the ballot paper the elector shall forthwith proceed to the polling compartment and shall, without undue delay, put his ballot paper through the slit provided for the purpose into the ballot box or boxes of the candidate or candidates for whom he desires to vote:

— provided that not more than one ballot paper shall be inserted by an elector into any one ballot box.

(2) Every elector shall vote without undue delay and shall quit the polling station as soon as he has cast his vote; and no elector shall remain in a polling compartment longer than is necessary for casting his vote.

(3) No elector shall be allowed to enter a polling compartment when another elector is inside it.

(4) The presiding officer may whenever he considers it necessary to do so, enter the polling compartment during polling and may take such steps as may be necessary to ensure that the ballot boxes therein are not tampered or interfered with in any way.

(5) If the presiding officer has reason to suspect that an elector who has entered the polling compartment is tampering or otherwise interfering with any ballot box or has remained inside the polling compartment unduly long, he shall enter the polling compartment and take such steps as may be necessary to ensure the smooth and proper progress of the poll.

(6) Whenever the presiding officer enters the polling compartment under this rule, he shall be accompanied by such of the candidates or their agents as desire to do so.

48. Ballot papers found outside ballot boxes.—If any ballot paper which has been issued to an elector has not been inserted by him into any ballot box but is found anywhere in or near the polling station, it shall be cancelled and dealt with in a manner laid down in rule 53.

49 Recording of votes by infirm electors — If owing to blindness or other infirmity an elector is unable to read the symbol of a ballot box or is physically incapable of inserting the ballot paper into a ballot box, the presiding officer shall enter the polling compartment with such elector, ascertain from him the name or names of the candidate or candidates in whose favour he desires to cast the vote and insert the ballot paper or papers in the ballot box or boxes of such candidate or candidates in accordance with the wishes of the elector and the presiding officer shall have this done with as much secrecy as is feasible and shall keep a brief record of such instance without indicating the manner in which the vote has been cast.

50, Elector to be questioned in case of doubt as to his identity.— If the presiding officer has reason to doubt the identity of an elector or his right to vote at an election, he may, in order to be satisfied about the identity of the elector, put such questions as he thinks fit and the elector shall not be supplied with a ballot paper if he refuses to answer any such questions.

51. Tendered votes —(1) If a person representing himself to be a particular elector named in the electoral roll applies for a ballot paper or papers after another person has already voted as such elector, the applicant shall, after answering such questions as the presiding officer may ask, be supplied with a ballot paper (referred to in these Rules as a tendered ballot paper) in Form IX.

(2) Every such person shall, before being supplied with a tendered ballot paper, sign his name against the entry relating to him in a list in Form X.

(3) Such person shall thereafter record on the ballot paper the name or names of the candidate or candidates for whom he wishes to vote; but if owing to illiteracy or any other reason he is unable to make such record, the presiding officer shall do so in accordance with his wishes.

(4) The procedure laid down in sub-rule (3) shall be followed with due regard to secrecy.

(5) Every such tendered ballot paper shall forthwith be placed in a separate cover which shall be sealed and all such covers containing tendered ballot papers shall be kept in a separate packet, but such votes shall not be counted by the returning officer.

52 Challenged votes.—(1) If any candidate or his agent challenges the identity of a person claiming to be a particular elector, he shall deposit a sum of two rupees in cash with the presiding officer for each such challenge.

(2) On such deposit being made the presiding officer shall—

(a) warn the person so challenged of the penalty for personation;

(b) enter his name and address in the list of challenged votes in Form XI; and

(c) require him to affix his signature in the said list.

(3) The presiding officer shall thereafter hold a summary inquiry into the challenge and may for that purpose require the challenger to adduce evidence in proof of the challenge and the person challenged to adduce evidence in proof of his identity.

(4) After such inquiry if the presiding officer is of the opinion that the challenge has not been established he shall allow the person challenged to vote and if he is further of the opinion that the challenge is frivolous or has not been made in good faith, he shall direct that the deposit made under sub-rule (1) be forfeited to Government.

(5) After such inquiry if the presiding officer is of the opinion that the challenge has been established he shall not allow the person challenged to vote and shall return the deposit made under sub-rule (1) to the challenger after the close of the poll on the day on which it was made

53. Return of ballot papers by an elector.—(1) If an elector after obtaining any ballot paper for the purpose of casting his vote decides not to use the same, he shall return the ballot paper to the presiding officer, and the ballot paper so returned shall then be marked as "cancelled" and kept in a separate envelope set apart for the purpose and a record shall be kept by the presiding officer of all such ballot papers

(2) If any ballot paper which has been issued to any elector for the purpose of recording his vote has not been put into the ballot box but has been left by the elector at the polling station it shall be dealt with in accordance with the provisions of sub-rule (1) as if it had been returned to the presiding officer.

54. Delivery of ballot boxes to the returning officer after the close of the poll.—The presiding officer of each polling station shall, as soon as practicable after the close of the poll, in the presence of any candidates or their election or polling agents who may be present, close the slit for insertion of ballot papers of each ballot box, or, where the box does not contain any mechanical device for closing the slit, seal up the slit, and seal and secure all the ballot boxes used at the polling station; he shall also make up into separate packets :

(i) All the ballot boxes placed for the counting of votes shall be counted and checked and the returning officer shall satisfy himself that all such ballot boxes as contain the ballot papers which are to be counted at such place have been received and accounted for.

(ii) The returning officer shall then allow the candidates and their counting agents present at the counting an opportunity to inspect the ballot boxes and their seals for satisfying themselves that they are in order.

(iii) The returning officer shall also satisfy himself that none of the boxes has in fact been tampered with. If any ballot box is found by the returning officer to have been tampered with or destroyed or lost the returning officer shall postpone the counting of votes and shall follow the procedure laid down in rule 36 and shall, after the fresh poll under that rule has been completed, recommence the counting on the date and at the time and place appointed by him in this behalf of which notice has been previously given to the candidates and their counting agents.

A brief record shall be kept of the serial numbers of all ballot papers rejected and of such particulars as will identify the ballot box in which each such ballot paper was found.

 - in the case where such votes have been counted more places than one, prepare a consolidated statement recording in that statement the total number of votes polled by each candidate in the entire constituency.

58. Grounds for rejection of ballot papers:—(1) A ballot paper contained in a ballot box shall be rejected:—

- if it bears any mark or writing by which the elector can be identified or
- if it is a spurious ballot paper, or
- if it bears a serial number, or is of a design different from the serial numbers or, as the case may be, design, of the ballot papers authorised for use at the particular polling station, or
- if it does not bear the mark prescribed by the chief electoral officer: Provided that where the chief electoral officer on being satisfied that any such defect as is mentioned in clause (c) or clause (d) has, in respect of any of the ballot papers at a polling station, been caused by any mistake or failure on the part of the presiding officer or polling officer, has directed that the defect should be overlooked, ballot paper shall not be rejected merely on the ground of such a defect;
- if it has been so damaged or mutilated that its identity as a genuine ballot paper cannot be established.

(2) If the returning officer is satisfied that an elector has put into the same ballot box more than one ballot paper in contravention of these rules, he shall reject all but one of such ballot papers.

59. Equality of votes :—If, after the counting of votes is completed, an equality of votes is found to exist between any candidates, and the addition of one vote will entitle any of those candidates to be declared elected, the returning officer shall forthwith decide between those candidates by lot and proceed as if the candidate on whom the lot falls had received an additional vote.

60. Declaration of results :—When the counting of votes has been completed the returning officer shall forthwith declare the result of the election.

PAYMENT OF COMMISSION TO AGENTS—DUTIES OF TREASURY OFFICER.

In addition to his duties as Issuing and Checking Authority the Treasury Officer will pay the commission due to Authorised Agents as under—

(1) Having checked in the agent's Receipt Books the counterfoils of Receipt Form on which payment is claimed and ascertained therefrom—

(a) that the post office has duly completed the reverse of each counterfoil, showing the date of issue and No. of the National Savings Certificates sold to the agent, and

(b) that the purchaser has signed on the original receipt and the reverse of the counterfoils acknowledging that he has had the National Savings Certificate duly delivered to him.

The Paying Authority before passing a claim for commission, will also see that the value for which the receipt forms and counterfoils in Receipt Books are printed have not been altered by the Agent; the amounts collected by the Agent were deposited in the post office (or offices) within the prescribed period of 10 days; the certificates were delivered to investors within 30 days of receipts of money; the commission is being claimed by the Agent within 4 months of date of receipt of money; and the sale does not represent investment of Provident Fund money.

The Paying Authorities will pay the Agent commission at the uniform rate 1½% on sale of all denominations of 12-years National Savings Certificates and 10 year Plan Certificates. If the reverse of the counterfoils of the original receipts of the Agent's Receipt Book are not in order, payment should be refused and the book sent to the Deputy Commissioner, Manipur, for enquiry, particularly if there be grounds for suspicion that the National Savings Certificates and National Plan Certificates have not been duly purchased and delivered to the Agent's client.

2. (a) An Agent may present (not oftener than once in a calendar month) the partially used book or books for payment of commission due. In such cases the used counterfoils will be checked and commission due thereon paid. A separate manuscript receipt will be taken from the agent as follows.

	Signature	
	No. of certificate of Authority ...	
	Date	

Each counterfoil on which commission is paid direct by the Treasury Officer will be crossed and marked in red "Checked, Commission paid" with date and initials of the Treasury Officer.

(b) If the agent's book when presented has been fully used any commission due will be paid and the receipt taken on the last counterfoil of the book in the space provided therefor. If commission has already been paid on some of the counterfoils vide (a) above, the receipt form in the book will be modified to show the serial No. of the coupon on which the remaining commission due is paid. In every case of presentation of a fully used book the agent will be given the receipt for the book, which is printed at the last page and the book will be retained in the Treasury for such period as may be directed hereafter by Government and the page constituting the "Check" will be completed.

(3) As regards accounting arrangements for the payment of commission at Treasury the Treasury Officer will send a monthly schedule to Accounts Officer showing the total value of certificates sold in the month on each receipt book handled in that month by Authorised Agents, and the total amount of commission paid in respect thereof duly supported by the acquittances and the foils of the Receipt Book, which would be treated as Sub-Vouchers. He should add to the schedule a certificate to the following effect:—

“Certified that I have duly crossed and cancelled the counterfoils of the Receipt Books on which commission has been claimed and paid during the month”.

No payment of commission is accepted in audit unless supported by vouchers viz., the receipts originally issued to investors and taken back from them duly receipted on delivery of the certificates. Those vouchers must, therefore, be attached to the commission bill's.

(4) Treasury Officer will submit to the Regional National Savings Officer, Assam, Shillong before the 10th of each month a certificate in the following forms in respect of the preceding month:—

INCIDENCE OF EXPENDITURE.

Till further orders, commission paid to Authorised Agents should be debited direct to the following head:—

“22-Interest on Debt and other obligations,—Interest on other obligations—Miscellaneous—Payment of commission to Authorised Agents.

INSTRUCTION ON GENERAL AUTHORISED AGENCY SYSTEM TO THE SALE OF 10-YEAR NATIONAL PLAN CERTIFICATES:

General:—The General Authorised Agency System under which 12-year National Savings Certificates are to be sold through authorised agents on commission basis is also extended on the same term and conditions to the sale of National Plan Certificates. The following procedure will be adopted to cover the agency for the sale of 10-year National Plan Certificates:—

1. *Application*—No separate form of application is being prescribed. The Supplementary Agreement to be executed by Authorised Agent old and new, would provide sufficient evidence of their desire to take up sales of 10-year National Plan Certificates on commission.

2. *Supplementary Agreement:*—Two types of Supplementary Agreements, one providing for Personal Security and the other for Security Deposit have been introduced. Necessary forms for this Agreement will be supplied to the Appointing Authority by the Regional National Savings Officer, Assam, Shillong. In the case of existing agents who have put up sureties, the same sureties will sign the Supplementary Agreement. In the case of new agents, the main Agreement and the Supplementary Agreement will be signed by the same parties; there is no objection to the two Agreements bearing the same date. As the main Agreement is required to be executed in duplicate the Supplementary Agreement will also be executed in duplicate and the same procedure as in the case of the main Agreement will be followed in the case of Supplementary Agreement also.

Certificate of Authority—A separate Certificate of Authority for the sale of 10-year National Plan Certificates has been introduced, blank forms of which will be supplied to the Appointing Authority by the Regional National Savings Officer, Assam, Shillong. Each person or institution desirous of taking up an agency for these certificates will be issued with this Certificate of Authority. The Appointing Authority will obtain from existing as well as prospective Agents four specimens of signature—three for being pasted on the three foils of the Certificate of Authority form and the fourth for retention on its record. In the case of Scheduled Bank Agents the four specimens of signature will be forwarded along with the agreement, to the National Savings Commissioner, India, Railway Board Building, Simla-3 who is the Appointing Authority in their case. In the case of an authorised agent residing at a place where the Office of the Appointing Authority is located the Agent's signature can be taken in the relative cases on the three portions of the Certificate of Authority. The need for obtaining specimens of signature separately will not arise in their case.

4. *Receipt books*—(a) It has been decided to allow the agents to use the Receipt Books supplied to them for the sale of 12-year National Savings Certificates for the sale of 10 year National Plan Certificates also. According to clause (1) of the supplementary agreement, the agent has, however, been authorised, in so far as the agency work in respect of the 10-year National Plan Certificate is concerned, to alter to a lower amount the printed amounts in receipt forms of Rs. 50/-, Rs. 100/- and Rs. 1,000/- denominations for the purpose of issuing receipts in respect of amounts received for the purchase of 10-year National Plan Certificates. The intention is that an Authorised Agent should use a receipt form of the next higher denomination in his possession. Thus, if an Agent receives Rs. 25/- for the purchase of National Plan Certificate, he will use a Receipt form Rs. 50/- denomination (if such a form has been issued to him) or of Rs. 100/- denomination, after altering the printed amount (in words and figures) to Rs. 25/-. Similarly, if an Agent receives Rs. 50/- he will issue one receipt for like amount from Rs. 50/- denomination Receipt Book. If a receipt book of this denomination has not been supplied to him, he will use a receipt form from the next higher denomination, viz., Rs. 100/- after altering the printed amount to Rs. 50/-. An Agent receiving, say, Rs. 325/- for investment in National Plan Certificates will issue one receipt from a Rs. 1,000/- denomination Receipt Book after altering the printed figure of Rs. 1000/- denomination Receipt Books after altering the printed figure of Rs. 1,000/- to Rs. 325/-. Authorised Agents who are not issued with Receipt Book of Rs. 1,000/- denomination will however, issue three receipts of Rs. 100/- each and one Rs. 25/-.

(b) The Authorised Agents will carry out the following alternations in the receipt forms (in all the portions) before issuing a receipt to the investors:—

- (i) The printed amounts (both in figures and words) will be altered to the actual amount received—vide illustrations under (a) above.
- (ii) The words '12-year National Savings Certificates' wherever they occur in all the three portions of the receipt (obverse) and on the reverse, will be altered to read—'10-year National Plan Certificates'.

The alteration mentioned in (i) and (ii) above should be authenticated by the signature of the Agent.

- (iii) In the Notice to the Investor on the reverse of the receipt, the word 'Saving' whenever it occurs, will be replaced by 'Plan'. The words 'fortnight at the most' appearing in parentheses will be altered to read 'six weeks at the most'.

Subject :—MULTI-UNIT COOPERATIVE SOCIETIES ACT, 1942 AMENDMENT OF.

I am directed to say that the Government of India has under consideration the proposal for amending the Multi-Unit Co-operative Societies Act, 1942, so as to make it applicable to the whole of Indian Union.

2. The Multi-Unit Co-operative Societies Act is an Act to provide for the incorporation, regulation and winding up of Co-operative Societies with objects not confined to one State. At the time of the passing of the Act there were a few societies registered in particular states which has extended their activities to other States also. These societies had to be validated and future societies with similar activities had also to be given recognition under Law. The Multi-Unit Act was, therefore, passed in order to cover such societies. The Act does not provide for registration of such societies, but has made the provision that a society registered in a State under the Law relating to Co-operative Societies in force in that State shall be deemed to be so registered in any other State to which its objects extend (Vide section 3(1) of the Act). This Clause covered the needs of all India Societies and separate registration under the Multi-Unit Act is not, therefore, provided for.

3. The Multi-Unit Act as it stood then did not extend to Part 'B' and all the Part 'C' States as Clause 1(2) of the Act restricted its application to what was British India.

4. Co-operative Societies with objects extending over more than one State are now being formed in Part 'B' and Part 'C' States, like societies of the Posts and Telegraph Railway workers, National Co-operative Union of Railway workers, etc. etc. It, therefore, became necessary to amend this Clause so as to make the Act applicable to those States as well.

5. Parliamentary legislation relating to entry 44 of the Union list in this behalf has already been undertaken and Clause 1 (2) of the Act has been amended to read as follows :—

"It extends to the whole of India except the State of Jammu & Kashmir". The state of Jammu and Kashmir has to be excluded because entry 44 of the Union list is not included in the Constitution (Application to Jammu and Kashmir)-order, 1954.

6. The above amendment has been published as the "Multi-Unit Co-operative Societies Amendment) Act 1956 (34 of 1956)" in the Gazette of India Extraordinary, Part II section 1, dated the 28th August, 1956.

7. I am to add in this connection that the reorganisation of States from the 1st November, 1956, will not in any way affect the working of this Act.

8. I am to request that the amendment may kindly be given wide publicity in your State for the information of Co-operative Societies.

NOTIFICATION.

No. HMD-55/56.—The following letter No. 15-105/56-MI, dated the 25th October, 1956 issued by the Govt. of India, Ministry of Health New Delhi, is published for general information.

Asstt Secretary (MVT) to the Govt. of Manipur.

PRESS NOTE

GROWTH OF UNRECOGNISED MEDICAL INSTITUTIONS STUDENTS WARNED AGAINST ADMISSION.

In recent years a number of new medical colleges have been opened, including a few by private and non-official agencies. For the general information of persons seeking admission to medical colleges, the position in respect of recognition of degrees by the Government of India is as follows :—

A medical college is a very expensive proposition. It has to fulfil certain standards prescribed by the Medical Council of India. For this purpose the college must be adequately equipped with and must have an adequate laboratory, research and hospital facilities and last, but by no means least, employ fully qualified teaching staff. Students studying in ill-equipped colleges with unqualified staff do not obtain the necessary experience and training required for a medical graduate.

It is not enough that a medical college is approved by a university for instruction in a medical science. The degrees obtained by instruction at a medical institution have to be recognised by the Government of India and included in the first schedule to the Indian Medical Council Act, 1933, so that students passing out of such colleges will be entitled for registration and inclusion in the Indian Medical Register.

The Medical Council of India sends inspectors and visitors to examine whether the instruction, training and examination provided in medical institutions are up to the required standard. The Council thereafter makes recommendation to the Government of India who after examining these recommendations decide the question of recognition of degrees of pupils passing out of various medical colleges.

On a number of occasions it has been found that, even in medical colleges started by Government due to non-availability or non-provision of proper equipment, hospital facilities etc., the first one or two batches of students passing out of such colleges are below standard and before the degrees of such students are recognised they have been made to complete their training by additional clinical experience, additional classes etc.

Private organisations and individuals who want to open medical colleges should therefore consult the Government of India in the matter and find out details of hospital, research and laboratory facilities, equipment, accommodation, etc., required and of the essential qualifications which the teaching staff should possess, so that the medical colleges started by them will at least possess minimum standards. Finally, they should ensure the availability of sufficient funds before venturing on such projects.

The students seeking admission to private medical institutions are advised in their own interest that before they think of entering such medical colleges, they should find out whether a college newly started has been approved by a University and whether the Government of India will recognise the degrees of students passing out of such colleges.

The Government of India wish to make it very clear that no lowering of standards of under-graduate medical education will be allowed and it will serve very little purpose for students who obtain degrees from such colleges to complain later that their degrees have not been recognised. Students getting admission into such colleges do so at their own risk.

No. J-CS 3/55-56.—Under State Trading Scheme formulated by the Government it has been decided that 1st class rice/paddy should be purchased from the cultivators at important marketing centres for building up a suitable reserve in the State and also for export of the surplus rice and paddy outside the State on Govt account. PRESS NOTE.

Imphal, the 14th November, 1956.

Under Section 5(1)(a) of the Indian Citizenship Act, 1955 displaced persons from Pakistan, who have been staying here for more than 6 months and desire to take permanent residence in India, can apply to the Deputy Commissioner for Indian Citizenship. For this purpose they will have to apply in prescribed forms to be registered as Indian Citizens and if found eligible certificates of Indian Citizenship will be issued to them. They will thereby acquire the rights of Indian Citizens and they will also be eligible to be enrolled as voters for the coming general election. Time for registration for the purpose of inclusion in electoral rolls has been extended only upto 1st December, 1956 but registration of displaced persons as Indian Citizens under the Indian Citizenship Act may be undertaken even after that date although they cannot be included in the electoral rolls after that date. It may however be stated that apart from inclusion of names in the electoral rolls, the issue of registration certificates does not confer any right for claiming from the State Govt. any rehabilitation benefits to which they would not have been otherwise entitled under the existing rules.

The Manipur Central Tribal Advisory Board, at the instance of the Government of India, discussed the retention or otherwise of these nomenclatures in its last meeting held on 25th May, 1959 and decided that they should ascertain first (1) whether there is still any Sub-tribe or tribal group in Manipur which should be added to the existing list of tribes indicated above; (2) which of them likes to be grouped under the nomenclature "Nagas" and "Kukis" separately and (3) which tribes do not want to be included either under the "Naga" or "Kuki" group.

This Press Note is therefore issued inviting opinion of individuals or organisation particularly the tribal organisations to send their comments on the 3 points raised above so that the Board can give their opinion. The last date for receiving suggestion or information in this respect is the 31st of July, 1959. All communications in this respect should be sent to the undersigned.

NOTIFICATION.

Imphal, the 16th October, 1956.

No. I.F.R. 7/51/56—In exercise of the powers conferred by section 29 & 30 of the Indian Forest Act 1927, the Chief Commissioner is pleased to review this Administration Notification No. F.R. 7/51/34 dated the 21st September, 1953 and to make the following amendments to that Notification with special reference to rights and privileges conferred on the Hill Villages. Substitute the following for the existing paragraphs under the same heads:—

(1) GRAZING RIGHT

The Forest will remain open to grazing by the cattle of the hillmen; no permission is required to be obtained from the Forest Officer, for the purpose of grazing. If and when the Forest Department, Manipur proceeds to take up regeneration or other cultural works in any particular patch of Forest that would be unsuccessful without exclusion of grazing from the patch for a short period, they will notify the village or villages concerned to this effect. Areas so excluded temporarily from grazing could be such in extent and location as to cause no more than the minimum of unavoidable inconvenience to the villagers.

2. CULTIVATION RIGHT.

The Government would not interfere with existing jhuming rights so long as the pine trees (declared reserved trees) are not cut down or burnt for jhuming.

3. WOOD RIGHT.

Regulation of felling pine trees is necessary in the interest of the future need of hillmen themselves for the development of Resin and Timber Industry. But hillmen may obtain the pine timber they need from the Forests for their own requirements on free permits to be issued by the Forest Department. For cases where there will be unavoidable delay in obtaining permits from the Forest Department the Forest Department will authorise particular village Headmen in writing to issue permits on his maintaining an account of such cases subject, however, to the control of the Forest Department, Manipur, later.

4. HUNTING RIGHT.

The Hillmen can hunt freely subject to any other laws provided no damage is caused to the Forests by the use of fire etc. for hunting.

By order etc.

to the Government of Manipur.

PRESS NOTE

Imphal, the 20th September, 1956.

No J-CS. 3,55-56-III.—It has been brought to the notice of the Government that certain persons who were given permits for export of Chira during the period 6th to 14th April 1956 could not complete the export in time and that there is a certain quantity of Chira in the local market in excess of local requirements. It has therefore been decided to allow export of such stocks between 25th September 1956 to 7th October 1956 (both days inclusive). Those who desire to take advantage of the scheme are required to produce the actual stocks of Chira between 6 A. M. and 3 P. M. before the State Trading Officer, Imphal, who has been authorised to issue permits for export; the export to be completed within 3 days of the issue of the permit and the permit to be surrendered at Mao Out Post on export from the State.

2. It will be appreciated that indefinite export of Chira cannot be allowed without endangering local supplies of food and that while this proposal is intended to enable a certain quantity of existing stocks in excess of local requirements to be exported to outside markets, no kind of extension can be given and that acquisition of fresh stocks with view to export will be done by parties only at their own risk and that if during the period of 25th September 1956 to 7th October 1956 there is undue increase in the price of rice, the export of Chira may be stopped.

PRESS INFORMATION BUREAU GOVERNMENT OF INDIA.

PRESS NOTE.

AUGUST 15-A PAID HOLIDAY

Instructions to Employers.

In pursuance of the instructions issued by the Central Ministry of Labour on previous anniversaries of Independence Day, workers were permitted to participate in the August 15 Celebrations without being made to suffer any loss in wages.

The Government of India have issued a similar directive this year to their officers in charge of industrial undertakings and they hope that other employers also will co-operate with them by declaring this national day as a paid holiday.

In view of the great importance of the occasion, Government believe that many managements of industrial undertakings have already prescribed August 15 as one of the regular holidays but where this has not been done, they hope that the employers will treat the day as an additional paid holiday and not as a substituted holiday.

PRESS NOTE No. 83.

**Car Festival of Sri Jagannath of Puri drawing equal near.
Pilgrims advised to get themselves inoculated.**

The Director of Health Services, Orissa has issued the following Press Note:—

The Snan, the Car and the Return Car Festivals of Sri Jagannath at Puri come off this year on the 23rd June, 9th July and the 17th July, 1956 respectively. During the festival period, a large number of pilgrims is expected to gather at Puri from all over India as in the previous years. As sporadic cases of Cholera are reported from the district itself and from different parts of the State, it is apprehended that Cholera and other bowel diseases may break out in an epidemic form during and after the festival period due to large congregation of pilgrims at Puri and may spread to different parts of this State as well as to other States if suitable precautionary measures are not adopted sufficiently beforehand. In order to protect the people from these diseases, adequate Sanitary and Public Health arrangements are being made at Puri and different road side places leading to Puri. Anti-cholera inoculation has been made compulsory in the district of Puri including Puri town and arrangement has been made to inoculate intending pilgrims at different bus stands, road-side villages and Railway Stations leading to Puri, free of charge. Hence to make this arrangement a success, co-operation from public and the pilgrims in general is cordially invited in their own interest and in the interest of the safety and welfare of the Indian Union and the State.

The intending pilgrims are therefore strongly advised to (i) get themselves inoculated and to possess necessary certificate to that effect which will be issued by the inoculating officer, free of charge, as otherwise they will not be allowed to enter into the festival areas. The owners of Dharmshalas and Lodging Houses etc. have been instructed not to admit persons who cannot produce evidence of their having been inoculated against Cholera on a date not prior to 15.2.1956.

- (ii) Not to take stale or unwholesome and fly-contaminated food stuffs.
- (iii) To use piped water which is specially supplied for drinking purposes.
- (iv) Not to make the festival area dirty endangering the safety of the public.
- (v) To follow the instructions as may be given by the health staff with regard to other special sanitary measures at different halting places for pilgrims.

The intending pilgrims are warned that they will have to run great personal risk or undergo inconvenience if they attend the festival without being properly protected and without obtaining necessary inoculation certificate.

NOTIFICATION.

Imphal, the 8th June, 1956.

No. J/57/52.—It has been suggested to the State Government that the marriages amongst Christians in this State so far solemnised in local Christian Communities require regularisation. The existing practice does not require registration and not got the force of law as it is not carried out under the provisions of an Act now in force in this State. It is considered necessary to maintain list of persons authorised to solemnize marriage, Marriage Registrar and to prescribed rules where, how and when such marriages are to be solemnised. The Indian Christian Marriage Act 1872 which is in force in other parts of India and which covers all the above points has not yet been extended to this State.

2. It has therefore been proposed that the Indian Christian Marriage Act should be extended to this State but before any step to this direction is taken, the proposal is published for general information and any objection to this proposal may kindly be sent to the address of the undersigned on or before the 30th June, 1956.

Notification No. T.M. 88/37-38/51.

Dated, Shillong the 16th May, 1956.

Subject—Deposit of income-tax demands under the challans supplied from the Income Tax Office.

It is notified for information of all Treasury and Sub-Treasury Officers and Departmental Disbursing Officers and all gazetted Officers in Assam, Tripura and Manipur that the Income-tax demands which are raised in direct assessments on account of short deduction at source from their pay bills or on account of other sources of income, in cash, should be deposited under challans supplied from the Income-tax Officers. But it is noticed that some Govt. Officers are depositing the amount by deduction from their paybills. This procedure results in much accounting difficulty, so far as such demands are concerned. The tax on direct assessments relates to previous years while tax deducted against current month's salary is credited against the tax due on current year's income. As a result of the defective procedure mentioned above the demand in respect of the previous year remains unsatisfied while the extra deduction against the current year's salary remains unadjusted till long after the end of the financial year.

It is therefore notified that only the monthly deduction of tax should be made from paybills and whenever the demand notices and challans are issued from the office of the Income Tax for any amount on direct assessment, the payment should be made invariably in cash through the challans supplied by that Departments.

Notification No. T.M. 2/10/53/50.

Shillong, the 10th May, 1956.

It is notified for information of all the Heads of Departments and controlling officers that the accounts for March, 1956 final and March, 1956 supplementary will positively be closed on the 15th June, 1956 and the 15th July, 1956 respectively in compliance with the orders of the Comptroller and Auditor General of India. It is essential, therefore, that the reconciliation of the departmental figures for 1955-56 with those booked in the accounts of the Accountant General's office should be completed forthwith, so as to admit of all re-adjustments where necessary, being incorporated in the March supplementary Accounts at the latest.

2. All Heads of Departments and controlling officers are, therefore, requested to take special steps to effect reconciliation of the figures immediately if this has not already been done. Unless the reconciliation is effected by the 10th July, 1956 at the latest it will not be possible to carry out further adjustment and the figures booked in the accounts of Accountant General's office will have to be accepted as correct and final.

It has therefore been decided to allow export of such stocks between 6th and 14th of April (both days inclusive). Those who desire to take advantage of the scheme are required to produce the actual stocks of chira between 6 A. M. and 8 P. No. RH/77/51/206.—The following Press Note dated 9. 3. 56 issued by the Govt. of India, Ministry of Rehabilitation, New Delhi is republished for general information.

H. R. Singh,
Assistant Secretary (GIL)
to the Government of Manipur.

PRESS NOTE

In connection with bids offered at auctions by displaced persons with verified claims there appears to be some confusion as to the manner in which adjustments of the compensation due to these claimants and their associates against the purchase price, are to be made. In order to avoid misunderstanding, the position is being clarified in this Press Note. The rules framed under the Displaced Persons (Compensation and Rehabilitation) Act permit an auction purchaser to associate genuine purchasers with him in purchasing property from the compensation pool. The rules provide that such association is permissible only when the net compensation due to an auction purchaser is not sufficient to cover the purchase price. Some auction purchasers have the mistaken impression that they can associate with themselves any number of other persons, and that it is not necessary for the whole of the net compensation due to these persons to be set off. The correct position is that the same rule which applies to the auction purchaser applies to his associates, i. e. that a second associate can only be brought in by the auction purchaser if after adjustment of the whole compensation due to the first associate a balance still remains, and even it is only where the balance due is less than the net compensation of an associate that his compensation is adjusted, sufficient to cover his balance.

REGULATIONS RELATING TO THE PHYSICAL
EXAMINATION OF CANDIDATES

(These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Government of India reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider on the report of the Medical Board, to be physically disqualified and that their discretion is in no respect limited by these regulations. These regulations are intended merely for the guidance of Medical Examiners and are not meant to restrict their discretion in any way.)

1. To be passed as fit for appointment a candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of his appointment.

2. In the matter of the correlation of age, height and chest girth of candidates of Indian (including Anglo-Indian) race, it is left to the Medical Board to use whatever correlation figures are considered most suitable as a guide in the examination of the candidates. If there be any disproportion with regard to height, weight and chest girth, the candidate should be hospitalised for investigation and X-Ray of the chest taken before the candidate is declared fit or not fit by the Board.

3. The candidate's height will be measured as follows:—

He will remove his shoes and be placed against the standard with his feet together and the weight thrown on the heels and not on the toes or other sides of the feet. He will stand erect

without rigidity and with the heels, calves, buttocks and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be recorded in inches and parts of an inch to quarters.

4. The candidate's chest will be measured as follows:—

He will be made to stand erect with his feet together, and to raise his arms over his head. The tape will be so adjusted round the chest that its upper edge touches the inferior angles of the shoulder blades behind and lies in the same horizontal plane when the tape is taken round the chest. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to take a deep inspiration several times and the maximum expansion of the chest will be carefully noted, and the minimum and maximum will then be recorded in inches, 33—35, 34—36½, etc. In recording the measurements, fractions of less than inch should not be noted.

5. The candidate will also be weighed and his weight recorded in pounds; fractions of a pound should not be noted.

6. The candidate's eye-sight will be tested in accordance with the following rules. The result of each test will be recorded:—

(i) *General*.—The candidate's eyes will be submitted to a general examination directed to the detection of any disease or abnormality. The candidate will be rejected if he suffers from any squint or morbid conditions of eyes, eye-lids or contiguous structures of such a sort as to render or are likely at a future date to render him unfit for service.

(ii) *Visual Acuity*.—The examination for determining the acuteness of vision includes two tests, one for distant, the other for near vision. Each eye will be examined separately.

Snellen's test types will be used for the test for distant vision, without glasses at a distance of 20 feet and for the test for near vision without glasses at any distance selected by the candidate.

N.B.—No candidate will be accepted for appointment whose standard of vision does not come upto requirements specified below without the use of

the contact glasses. (A contact glass or lens is defined as a glass shell, the concavity of which is in contact with the globe of the eye, a layer of liquid being interposed between the lens and the cornea. The meaning of the word "glasses" wherever used in these Regulations is to be interpreted as not covering "contact glasses").

	Naked Eye		Corrected with Glasses		Never Vision	
	Better	Worse	Better	Worse	Better	Worse
In the case of subjects of age limits.						
(a) 25-27	6/60	6/60	6/6	6/12	0.8	1.0
(b) Above 27	No. Standard		6/6	6/18	0.8	1.0

Note.—There will be no standing for Myopia, but for Myopia over—6D, fundus examination must be conducted to eliminate presence of any progressive disease.

(Colour perception)

Inability to distinguish the principal colours will not be regarded as a cause for rejection but the fact will be noted in the proceedings and the candidate will be informed.

(vi) Field of Vision

Each eye must have a full field of vision as tested by hand movements.

7. Blood Pressure

The Board will use its discretion regarding Blood Pressure. A rough method of calculating normal maximum systolic pressure is as follows:—

With subjects over 25 years of age the general rule of 110 plus half the age seems quite satisfactory.

N. B.—As a general rule any systolic pressure over 140 and diastolic over 90 should be regarded as suspicious and the candidate should be hospitalised by the Board before giving their final opinion regarding the candidate's fitness or otherwise. The hospitalization report should indicate whether the rise in blood pressure is of a transient nature due to excitement etc. or whether it is due to any organic disease. In all such cases X-ray and electrocardiographic examinations of heart and blood urea clearance test should also be done as a routine. The final decision as to the fitness or otherwise of a candidate will however, rest with the medical board only.

Method of taking Blood Pressure

The mercury manometer type of instrument should be used as a rule. the measurement should not be taken within fifteen minutes of any excitement. Provided the patient, and particularly his arm is relaxed, he may be either lying or sitting. The arm is supported comfortably at the patient's side in a more or less horizontal position. The arm should be freed from the clothes to the shoulder. The cuff completely deflated should be applied with the middle of the rubber over the inner side of the arm and its lower edge an inch or two above the bend of the elbow. The following turns of cloth bandage should spread evenly over the bag to avoid bulging during inflation.

The brachial artery is located by palpitation at the bend of the elbow and the stethoscope is then applied lightly and centrally over it below, but not in contact with the cuff. is inflated to about 100 m. m. Hg. and then slowly deflated. The level at which the column stands when soft successive sounds are heard represent the Systolic Pressure. When more air is allowed to escape the sounds will be heard to increase in intensity. The level at which the well-heard clear sounds change to soft muffled fading sounds represents the diastolic pressure. The measurements should be taken in a fairly brief period of time as prolonged pressure or of the cuff is irritating to the patient and will vitiate the readings. Rechecking, if necessary, should be done only a few minutes after complete deflation of the cuff. (Sometimes, as the cuff is deflated sounds are heard at a certain level; they may disappear as pressure falls, and reappear at a still lower level. This 'Silent Gap' may cause error in reading).

8. The urine (passed in the presence of the examiner) should be examined and the result recorded. Where a Medical Board finds sugar present in a candidate's urine by the usual chemical tests the Board will proceed with

the examination with all its other aspects and will also specially note any signs or symptoms suggestive of diabetes. If except for the glycosuria, the Board finds the candidate conforms to the standard of medical fitness required they may pass the candidate "fit subject to the glycosuria being non-diabetic" and the Board will refer the case to a specified specialist in Medicine who has hospital and laboratory facilities at his disposal. The Medical Specialist will carry out whatever examinations clinical and laboratory, he considers necessary including a standard blood sugar tolerance test, and will submit his opinion to the Medical Board, upon which the Medical Board will base its final opinion "fit" or "unfit". The candidate will not be required to appear in person before the Board on the second occasion. To exclude the effects of medication it may be necessary to retain a candidate for several days in hospital under strict supervision.

9 The following additional points should be observed :—

- (a) that the candidate's hearing in each ear is good and that there is no sign of disease of the ear. In case it is defective the candidate should be got examined by the ear specialist. Provided that if the defect in hearing is remediable by operation or by use of a hearing aid a candidate cannot be declared unfit on that account provided he/she has no progressive disease in the ear.
- (b) that his/her speech is without impediment;
- (c) that his/her teeth are in good order and that he/she is provided with dentures where necessary for effective mastication (well filled teeth will be considered as sound);
- (d) that the chest is well formed and has chest expansion sufficient; and that his heart and lungs are sound;
- (e) that there is no evidence of any abdominal disease;
- (f) that he is not ruptured;
- (g) that he does not suffer from hydrocele, a severe degree of varicocele, varicose veins or piles;
- (h) that his limbs, hands and feet are well formed and developed and that there is free and perfect motion of all his joints;
- (i) that he does not suffer from any inveterate skin disease;
- (j) that there is no congenital malformation or defect,

- (k) that he does not bear traces of acute or chronic disease pointing to an impaired constitution;
- (l) that he bears marks of efficient vaccination; and
- (m) that he is free from communicable disease.

10. Radiographic examination of the chest should be done as a routine in all cases for detecting any abnormality of the heart and lungs, which may not be apparent by ordinary physical examination.

When any defect is found it must be noted in the Certificate and the medical examiner should state his opinion whether or not it is likely to interfere with the efficient performance of the duties which will be required of the candidate.

NOTE.—Candidates are warned that there is no right of appeal from a Medical Board, special or standing, appointed to determine their fitness for the above services. If, however, Government are satisfied on the evidence produced before them of the possibility of an error of judgment in the decision of the first Board, it is open to Government to allow an appeal to a second Board. Such evidence should be submitted within one month of the date of the communication in which the decision of the first Medical Board is communicated to the candidate, otherwise no request for an appeal to a second Medical Board will be considered.

If any medical certificate is produced by a candidate as a piece of evidence about the possibility of an error of judgment in the decision of the first Board, the certificate will not be taken into consideration unless it contains a note by the medical practitioner concerned to the effect that it has been given in full knowledge of the fact that the candidate has already been rejected as unfit for service by the Medical Board.

Medical Board's Report

The following intimation is made for the guidance of the Medical Examiner :—

- No person will be deemed qualified for admission to the Public Service who shall not satisfy Government or the appointing authority, as the case may be, that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him for that service.
- It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the

case of candidates for permanent appointment to prevent early pension or payments in case of premature death. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service.

A lady doctor will be co-opted as a member of the Medical Board whenever a woman candidate is to be examined.

The report of the Medical Board should be treated as confidential and in no case should the candidate declared unfit be informed of the cause of rejection.

In cases where a Medical Board considers that a minor disability disqualifying a candidate for Government service can be cured by treatment (medical or surgical) a statement to that effect should be recorded by the Medical Board. There is no objection to a candidate being informed of the Board's opinion to this effect by the appointing authority and when a cure has been effected it will be open to the authority concerned to ask for another Medical Board.

This does not apply to displaced persons seeking remission of the fee, *vide* paragraph 7 below.

(ii) **A Certificate of Age.**—The only proof of age ordinarily accepted by the Commission is the age or date of birth entered in the Matriculation Certificate or in the Secondary School Leaving Certificate or in a certificate recognised by an Indian University as equivalent to Matriculation or in an extract from a Register of Matriculates, maintained by a University, which extract must be certified by the proper authority of the University. The expression Matriculation Certificate in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission in original with a copy thereof, together with the application.

Sometimes the Matriculation Certificate only shows the age by completed

years or completed years and months. In such cases the candidate must send in addition to the Matriculation Certificate an original certificate, together with a copy thereof, from the Headmaster of the High School from which he matriculated showing the date of his birth or his exact age as recorded in the school admission register. An Anglo-Indian or an Indian Christian, may send his original baptismal or birth registration certificate together with a copy thereof instead of the headmaster's certificate.

Candidates are warned that unless complete proof of age as laid down in these instructions is sent with an application, the application may be rejected. Further, they are warned that if the date of birth stated in the application is inconsistent with the age shown in the Matriculation Certificate and no explanation is offered, the application may be rejected (*Vide Note 4 below*).

NOTE 1.—A candidate who holds a completed Secondary School Leaving Certificate need submit with the original a copy of only the page containing entries relating to age.

NOTE 2.—A transfer certificate from a school or college will not be accepted as evidence of age.

NOTE 3.—The Age and Nationality Certificate issued by some State authorities is not required.

NOTE 4.—Candidates should note that once a date of birth has been claimed and accepted by the Commission for the purpose of admission to an examination, no change will be allowed at a subsequent examination.

Candidates who wish to challenge the entry of their age in the Matriculation certificate must do so at the first opportunity. They must send to the Commission all the evidence on which the claim is based together with a satisfactory explanation of the incorrect entry.

NOTE 5.—Displaced persons, who have lost their original Matriculation Certificate in Pakistan, should obtain duplicate certificate from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

(iii) Testimonials.—A candidate must submit two testimonials of recent date (with a copy thereof) from two responsible persons not related to him.

The signatory of the testimonial should give his designation in full.

The certificate submitted must be one issued by the authority (*i.e.*, University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted the candidate must explain its absence, and submit such other evidence in original as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

(v) **A Certificate in regard to pay/income drawn for one prior to the 1st April, 1956.**—Every candidate, other than a Government servant, must submit a certificate from a Gazetted officer, or a Member of Parliament or State Legislature showing the pay/income drawn by him from the 1st April, 1955 to the 31st March, 1956—*vide* Rule 5. (vi) **Two copies of Photograph.**—The candidate must submit two passport size copies of his recent photograph, one of which should be pasted on the first page of the application form and the other copy should be firmly attached with the application form. Each copy of the photograph should be signed in ink on the front by the candidate.

N. B.—Candidates are warned that if an application is incompletely or wrongly filled or is not accompanied by any one of the documents mentioned above without a reasonable explanation for its absence having been given, the application will be summarily rejected and that no appeal against its rejection will be entertained. Any documents not submitted with the application but explanation for the absence of which have been given, should be sent ~~soon~~ after the submission of the application, and in any case they must reach the commission's office one month before the date of commencement of the examination. Otherwise candidature for the examination will be cancelled.

Candidates are also warned that they should in no case tamper with the entries in the documents submitted by them. Candidates found guilty of tampering are liable to be prosecuted in addition to being permanently debarred from the Commission's examinations and selections and from employment under Government.

The originals of the certificates forwarded in accordance with paragraphs 5 (ii), (iii) and (iv) will be returned when the result of the application is communicated. **Candidates are advised to keep attested copies of their certificates before submitting them to the commission. The commission cannot return the certificate earlier than the date of communication for whatever purpose they may be required, nor can they supply attested copies**

If a candidate has already submitted the certificates required in paragraphs 5 (ii), (iii) and (iv) above in connection with another examination conducted by the Union Public Service Commission and if they have not yet been returned to him, he should mention the fact when submitting his application, and if possible enclose a copy of each certificate. If the certificates are not with the Commission, they should be sent with the application irrespective of whether the candidate appeared at a previous examination conducted by the Commission or not. If a certificate cannot be submitted with the application, a reasonable explanation for its absence must be given with the application.

6. A candidate who claims to belong to one of the Scheduled Castes or Scheduled Tribes should submit in support of his claim a certificate, in original, in the form given below from the District Officer or the Sub-Divisional Officer of the district in which his parents (or surviving parent) ordinarily reside; if both his parents are dead, of the district in which he himself ordinarily resides otherwise than for the purpose of his own education.

9. The fact that an application form has been supplied on a certain date will not be accepted as an excuse for the late submission of an application. The supply of an application form does not *ipso facto* make the receiver eligible for admission to the examination.

10 Every candidate for admission to this examination will be informed at the earliest possible date of the result of his application. It is not, however, possible to say when the result will be communicated. But if a candidate does not receive from the Union Public Service Commission a communication regarding the result of his application one month before the commencement of the examination, he should at once contact the Commission for the result.
